THESIS FOR THE DEGREE OF DOCTOR OF PHILOSOPHY

Predictions of Hydrodynamics of a Conceptual FLNG-LNG Offloading System

National Centre of Maritime Engineering and Hydrodynamics
AUSTRALIAN MARITIME COLLEGE, UNIVERSITY OF TASMANIA
Launceston, Australia
2017

Declarations

This thesis contains no material which has been accepted for a degree or diploma by the University or any other institution, except by way of background information and duly acknowledged in the thesis, and to the best of my knowledge and belief, no material previously published or written by another person, except where due acknowledgement is made in the text of the thesis, nor does the thesis contain any material that infringes copyrights.

This thesis may be made available for loan and limited copying in accordance with the *Copyright Act 1968*

Signed: _____
Yuting Jin (金玉庭)

Date 23/09/2015

Statement of Co-Authorship

The candidate has carried out simulations and analysis under the supervision of co-authors. The papers in this document were written and revised by the candidate following the suggestions and comments from the co-authors. The following people and institutions contributed to the publication of work undertaken as part of this thesis:

Yuting Jin	University of Tasmania	Candidate
A Prof. Shuhong Chai	University of Tasmania	Co-Author 1
Dr. Jonathan Duffy	University of Tasmania	Co-Author 2
Dr. Christopher Chin	University of Tasmania	Co-Author 3
Prof. Neil Bose	University of Tasmania	Co-Author 4

For all listed publications, the estimated percentage contribution of the candidate is 80%.

We the undersigned agree with the above stated proportion of work undertaken for each of the above published (or submitted) peer-reviewed manuscripts contributing to this thesis.

Signed:

Associate Professor Shuhong Chai
Primary Supervisor
National Centre for Maritime Engineering and Hydrodynamics
Australian Maritime College
University of Tasmania

Co-Supervisor
National Centre for Maritime Engineering and Hydrodynamics
Australian Maritime College
University of Tasmania

Doctor Christopher Chin
Co-Supervisor
National Centre for Maritime Engineering and Hydrodynamics
Australian Maritime College
University of Tasmania

Professor Neil Bose
Co-Supervisor
National Centre for Maritime Engineering and Hydrodynamics
Australian Maritime College
University of Tasmania
